Notice of Possible Fee Increase on October 1, 2002

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2002, then the amount due may be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there may be an increase in fees effective on October 1, 2002. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Notice of Proposed Rulemaking, 67 Fed. Reg. 30634, 30636 (May 7, 2002). Although a change to the amount of the publication fee is not currently proposed for October 2002, if the issue fee or publication fee is to be paid on or after October 1, 2002, applicant should check the USPTO web site for the current fees before submitting the payment. The USPTO Internet address for the fee schedule is: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of any fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after October 1, 2002 (or mailed with a certificate of mailing on or after October 1, 2002), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stephen Koundakjian on Aug 21, 2002.

The application has been amended as follows:

IN THE SPECIFICATION:

In line 2, of page 5, "each step" has been replaced with --at least two tooth portions 220a, 220b--.

IN THE CLAIMS:

In claim 1, line 6, "ratchet-teeth along the inner circumference thereof" has been replaced with --at least a first tooth portion and a second tooth portion--.

In claim 1, line 9, "engageable with each of the planetary gears" has been replaced with
- one of said sun gears being engageable with said first tooth portion on each of said planetary
gears and a second of said sun gears being engageable with said second tooth portion on each of
said planetary gears--.

In claim 1, line 10, "the outer circumference of" has been deleted.

IN THE DRAWINGS:

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: in Fig. 3, the reference numerals 220a and 220b have been added as shown in

red on the marked-up copy of this figure that accompanies this amendment. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record fails to anticipate or render obvious the complete apparatus for changing the speed of a bicycle set forth in claim 1, which includes the following limitations: A. a pawl-controlling ring for controlling the position of the pawls; B. a transforming disk having a groove along its outer circumference, and a hooking portion on the outer circumference, the hooking portion adapted to transform the position of the pawl-controlling ring through a mediating portion; and C. a spacing portion enabling the transforming disk to rotate freely.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Explanation of Claim Changes

The amendments to the claims are for making them definite as required by 35 USC 112, 2nd paragraph.
